NOTES AND REMINDERS:

- Nolton Johnson gave an update on the industrial conference program (current draft program attached).
- The committee agreed to return to a three-track program.
- Jack Dozier briefed the committee on a Golf Tournament Fundraiser planned for March 16, 2009 at Callaway Gardens. The Tournament will be incorporated as part of the conference proceedings and will be accompanied by a networking reception / golf awards presentation.
- Brian Rindt volunteered to approach General Mills for a keynote address at the conference.
- Session champions are charged with soliciting speakers for their proposed sessions. The speakers should submit the attached call for abstract form to Nolton Johnson before the January committee meeting.

- Chris Stanfill gave an update on plant awards.
- Dustin Windham and Brad Zimmerman volunteered for conducting awards inspections.
- AWARDS: If anyone would like to volunteer for inspections or would like to nominate a facility for recognition, then please contact Chris. <mailto:cstanfill@brwnald.com>
- Meeting notes will be posted on the GAWP bulletin board under the 'Industrial' forum.
- The committee also discussed expanding upon the typical content of the committee meetings. Specifically the idea of increasing the practice of being a forum for industrial water and wastewater issues was explored. It should be a charge of the committee to provide 'industrial' discussion points for the legislative committee - and possibly to have representation on that committee.
